

Recent Seminar, Workshop and Training Course by JSSI, 2013 to 2025

December 3rd~4th, 2025

Indonesia Seismic Resilience Workshop : Indonesia (Technical tour and Workshop: 5 Japanese participants)

December 3 • Indonesian Tsunami Early Warning System :Ina TEWS: (SI)

- Meteorology, Climatology, and Geophysics Agency Building : BMKG (SI)
- Magdatama Multi-Industry (SI component manufacturing plant)

December 4 • Seismic Resilience Workshop

○Opening Remarks

Feri Eka Putra : Ministry of Public Works

Saito Taiki : Toyohashi University of Technology

Rudi Setiadji Agustiniyas : Ministry of Public Works

○Efforts toward International Harmonization of Seismic Isolation Design Code

Saito Taiki : Toyohashi University of Technology

○Practical Cases of Seismically Isolated Building & Seismic Retrofit with Advanced Damping Systems

Muramatsu Akitsugu : Taisei Cooperatio

○Recent Trend of Japanese Resilient Tall Building Structural Design, Practical Design Case of TAMACHI TOWER

Hotta Yusuke : Mitsubishi Jisho Design

○Seismic Base Isolation Applications in Indonesia

Aris Aryanto : Bandung Institute of Technology

○Lead Rubber Bearing (LRB) Production & Testing based on EN15129

Felics Hotama : Magdatama Multi-Industry

○Discussion

○Closing

Ministry of Public Works

November 19th~20th, 2025

Philippines Seismic Resilience Workshop : Philippines (Technical tour and Workshop: 5 Japanese participants)

November 19 • Parklinks North Tower (VC residential building and mixed-use complex : Under construction)

- Bamberton Centre building (SI : Under construction)
- Association of Structural Engineers of the Philippines, etc. (Opinion exchange meeting)

November 20 • Seismic Resilience Workshop

- Opening Remarks Kenji Sawada : JSSI Advisor
- Base Isolation with high impedance material Isao Nishimura : Tokyo City University
- A new type of vibration control technology for super high-rise building “BILMUS” Sachie KOTSUKI : Shimizu Corporation
- Seismic upgrading of buildings by isolation and energy dissipation in Japan Masahiko Higashino : Formerly of Takenaka Corporation
- Promotional Activities for Seismic Isolation in Japan Introduction to Friction Pendulum Bearings Keisuke Sugihara : Nippon Steel Engineering
- The Design of DND Building Rodolfo P. Mendoza Jr. : Petro Jikken
- Technical Feasibility Study Done on a Ten-Storey Building Using Spherical Bearing Base Isolation Jose A. Sy : SY² + ASSOCIATES
- Discussion
- Closing Ademar C. Pama: Pama Engineering Consultant

View of the venue

Group photo after the event

October 20th~24th, 2025

Seismic Resilience Workshop for the Philippines and the Indonesia: Held in Japan

(Technical tour and workshop: 13 participants from the Philippines, 5 participants from Indonesia)

- October 20 • Keio University Library Old Building (SI retrofit) Cooperation: Mitsubishi Jisho Sekkei Inc.
- Port Puls (Wooden SI structure) Cooperation: Obayashi Corporation
- October 21 • THK Headquarters Building (SI structure) Cooperation: THK Co., Ltd.
- Shimizu Corporation Institute of Technology (Column-head SI structure, etc.) Cooperation: Shimizu Corporation
- Minami-Ikebukuro Tower Apartment (SI structure) Cooperation: Shimizu Corporation
- October 22 • Full-scale SI testing machine (E-Isolation) Cooperation: Japan Seismic Isolation Laboratory
- Takenaka Carpentry Tools Museum
- October 23 • Taisei Corporation ZEB Building (SI structure) Cooperation: Taisei Corporation
- Bridgestone SI Pavilion (SI exhibition) Cooperation: Bridgestone Corporation
- October 24 • Seismic Resilience Workshop

- Opening Remarks Akinobu Nakazawa : President of JSSI
- SI and VC technologies developed by Takenaka Corporation Takahiro Kinoshita : Takenaka Corporation.
- SI Planned, Designed and Detailed Osamu Yoshida : Obayashi Corporation
- Efforts toward International Harmonization of Seismic Isolation Design Code Saito Taiki : Toyohashi University of Technology
- Development and Implementation of SI in JAPAN Mineo Takayama: Fukuoka University

- The Design of DND Building Rodolfo P. Mendoza Jr. : Petro Jikken
- BMKG Ina TEWS Indonesia Experience with Friction Pendulum Systems Eka Cipta Wiguna : PT. Davysukamuta Konsultan
- Comparative Study on the Use of Base Isolation System for Seismic Retrofit of Building: Design and Analysis Method following Indonesian and Japanese Code and Practice Sekar Mawar Oktavina : Indonesian Society of Civil and Structural Engineers (HAKI)
- Discussion and Closing

Architects Association Hall

November 11th~15th, 2024

Turkey Seismic Resilience Workshop: Turkey (Technical tour and Workshop: 8 Japanese participants)

November 11 • Mavera Comfort seismically isolated residential project (SI)

- Basaksehir Pine&Sakura hospital (SI)
- Fenerbahce Korur residential (SI)

November 12 • Marmara University, Basibuyuk hospital (SI Retrofit)

- Veldo industrial building (SI)

November 13 • EsQUake seismic isolator test lab. Eskisehir Technical University (SI Component Testing Machine)

- TICEM test center (next to TIS: Spherical Sliding Bearing Manufacturing Plant and Testing Machine)

November 14 • Seismic Resilience Workshop

- Opening Remarks and Presentation by the Disaster and Emergency Management Authority (AFAD)

Orhan Tatar: Director General of Earthquake and Risk Reduction at AFAD

- Greetings

Ryuichiro Hoshino: Second Secretary, Embassy of Japan

- Efforts toward International Harmonization of Seismic Isolation Design Code

Saito Taiki : Toyohashi University of Technology

- Seismic Isolated Building Design According to Turkish Building Seismic Code

Bahadır Şadan : President of TASI

- Japan's first Pure-Timber and Fire-Resistant High-Rise Building with Seismic Isolation

Byakuno Yasuki : Obayashi Cooperation

- Earthquake Protection for Cultural Properties

Keisuke Nakakubo : THK

○Current State of Maintenance and Management of Seismically Isolated Buildings in Japan

Seiichi Huruhashi : Seismic isolation technology services

○Discussion

○Closing

Fatih Sutcu : Istanbul Technical University

○Tour of the AFAD Emergency Coordination Center and the AFAD National Earthquake Observation Center

AFAD's Emergency Coordination Center

November 14 • Istanbul Technical University Testing Facility (Civil Engineering and Structural Testing Facility)

• EFEKTA Architectural Design Firm (Architectural Design Office)

September 2nd~6th, 2024

Turkey Earthquake Resilience Workshop: In Japan (Site visit: 8 participants from Türkiye + 1 from India)

September 2: • Shinjuku City Office (SI Retrofit)

Cooperation: Taisei Corporation

• TMG Asaka Medical Center (SI)

Cooperation: Shimizu Corporation

September 3: • Tsukiji 3-chome Project (SI)

Cooperation: Starts CAM

• THK Headquarters Building (SI)

Cooperation: THK

• Harumi 5-chome West District Redevelopment Project (SI)

Cooperation: Maeda Corporation

September 4: • Full-Scale 3D Earthquake Failure Test Facility (E-Defense)

Cooperation: National Research Institute for Earth Science and Disaster Resilience (NIED)

• Full-Scale Seismic Isolation Testing Machine (E-Isolation)

Cooperation: Japan Seismic Isolation Laboratory

September 5: • Municipal Kawarachou Housing Complex (VC retrofit)

Cooperation: Kawasaki City

• Bridgestone Seismic Isolation Exhibition Hall (Seismic isolation exhibition)

Cooperation: Bridgestone Corporation

September 5: • Seismic Resilience Workshop

○Opening Remarks

Akinobu Nakazawa : President of JSSI

Bahadır Şadan : President of TASI

○Efforts toward International Harmonization of Seismic Isolation Design Code

- Saito Taiki : Toyohashi University of Technology
 Yasunari goto : PALA-CAP
 Keiichi Taniyama : Be-Techno System
 Yoshinori Moriwaki : Ando・Hazama
 Bahadır Şadan : President of TASI
 Serdar Günay : Istanbul Metropolitan Municipality
 Fatih Sutcu : Istanbul Technical University
 Unus Ucar : Istanbul Governor's Office Coordinator
 Teoman Selçuk Köksal: Disaster and Emergency Management Presidency (AFAD)
 Fatih Sutcu : Istanbul Technical University
- What is Required of Seismic Expansion Joints?
 - Present situation of Isolated House in Japan and Newly developed Isolation system for housing
 - Turkey and Japan: Countries Close Yet Far Apart (Differences between Turkey and Japan)
 - Performance of Seismically Isolated Hospitals during the February 6, 2023, Earthquakes in Türkiye
 - Earthquake Risk Management Studies in Istanbul/ Seismic Retrofitting for cultural Heritage
 - Implementation of Innovative Retrofitting Methods with Minimum Interruption in Turkey
 - Istanbul Seismic Risk Mitigation and Emergency Preparedness Project (ISMEP)
 - Discussion and Closing Remarks

Group photo: at Architectural Hall

2023: A survey of the Türkiye-Syria earthquake was planned as a project commissioned by the Ministry of Land, Infrastructure, Transport and Tourism, but it was cancelled.

Feb.,24th, 2023

On line Workshop between Algeria and Japan-Earthquake Resistant Systems -

Attendance: Engineers, researchers in Algeria

Greeting: President of JSSI

Lecture: 3 Professors, 1 engineer (Japan)

Participants: 15

Feb.,9th~10th, 2023

Workshop between North Macedonia and Japan-Earthquake Resistant Systems -, Skopje City: Republic of North Macedonia

Attendance: Engineers, researchers in North Macedonia

Greeting: President of JSSI, Architectural International Relations Analyst, MLIT,

Ambassador Plenipotentiary of Japan to North Macedonia,

Representative of the Republic of North Macedonia, United Nations Development Organization,

Director, Institute of Seismology and Earthquake Engineering

Lecture: 3 Professors, 5 engineers (Japan), 2 Professors (North Macedonia)

Participants: 60

Feb.,1st～2nd, 2023

Workshop between Morocco and Japan-Earthquake Resistant Systems -, Rabat City, Morocco

Attendance: Engineers, researchers in Morocco

Greeting: President of JSSI,

Architectural International Relations Analyst, MLIT,

Secretary General, Ministry of Housing and Urban Policy, Morocco

Lecture: 4 Professors, 4 engineers (Japan), 2 Professors (Morocco)

Participants: 200

Nov., 18th～19th, 2022

Workshop between Albania and Japan-Earthquake Resistant Systems -, Tirana city, Albania

Attendance: Engineers, researchers in Albania

Greeting: President of JSSI, Architectural International Relations Analyst, MLIT,

Ambassador Plenipotentiary of Japan to Albania

Ambassador Extraordinary and Plenipotentiary of Albania to Japan

Chairman of the Albanian Association for Earthquake Engineering

Lecture: 5 Professors, 3 engineers (Japan), 4 Professors (Albania)

Participants: 80

May, 16th～17th, 2022

Online workshop between Iran and Japan -Seismic Isolation & Vibration Control- by JSSI

Attendance: Engineers, researchers in Tabriz

Lecture: Akira Wada (President of JSSI), Akitsugu Muramatsu (SE, Taisei Corporation),

Mineno Takayama (Professor, Fukuoka University), Taiki Saito (Professor, Toyohashi University of

Technology), Keiko Morita (Associate Professor, Fukuoka University), Ikuo Tohata (Professor Emeritus,

University of Tokyo), Daiki Sato (Professor, Tokyo Institute of Technology), Jiro Takagi (Professor, Tokyo

Metropolitan University)

Discussion and Closing remarks

Participants: 180

Mar., 7th～8th, 2022

Online workshop between Argentina and Japan, by JSSI

Attendance: Engineers, researchers in Argentine & INPRES

Greeting: Akira Wada, President, JSSI, Rodolfo García, Vice Director of INPRES

Lecture: Hiroaki Toyohara (Director, International Affairs Office, MLIT), Takayuki Sone (SE, Takenaka

Corporation), Akira Wada (President of JSSI), Carlos Eugenio Seguin (the National University of San Juan

UNSJ - PhD in Engineering Sciences, Pontificia Universidad Católica de Chile), Yuji Miyamoto (Professor,

Fukui University of Technology), Taiki Saito (Professor, Toyohashi University of Technology),

Naoya Harada (SE, Artes Structural Design Office), Jiro Takagi (Professor, Tokyo Metropolitan University), Miguel Eduardo Tornello (Miguel Eduardo Tornello - PhD, Universidad Tecnológica Nacional), Yutaka Nakamura (Professor, Shimane University)
Participants: 38

Mar., 2nd~3rd, 2022

Online workshop between Chile and Japan, by JSSI

Attendance: Engineers, researchers in Chile & ACHISINA

Lecture: Hiroaki Toyohara (Director, International Affairs Office, MLIT), Akira Wada (President of JSSI), Masashi Ogino (SE, Nihon Sekkei Office), Ruben Boroschek & Rodrigo Retamales (RBA, Seismic Intelligence), Matsutaro Seki (SE, BRI), Jiro Takagi (Professor, Tokyo Metropolitan University), José Luis Almazán (Professor, Pontificia Universidad Católica de Chile), Nobuyuki Ogino (SE, Kumagaigumi Corporation)
Participants: 180

Feb, 28th,~Mar.1st, 2022

Online workshop between Guatemala and Japan, by JSSI

Attendance: Engineers, researchers in Guatemala & CONRED

Greeting: organizer (JSSI), delegates (Guatemala)

Lecture: Hiroaki Toyohara (Director, International Affairs Office, MLIT), Akira Wada (President of JSSI), Yukio Tamura (Professor, Tokyo Polytechnic University), Masahito Kobayashi (Professor, Meiji University), Mineo Takayama (Professor, Fukuoka University), Yuji Miyamoto (Professor, Fukui University of Technology), Nobuyuki Ogino (SE, Kumagaigumi Corporation)
Participants: 80

Feb, 21st~22nd, 2022

Online workshop between Colombia and Japan, by JSSI

Attendance: Engineers, researchers in Guatemala & AIS

Greeting: organizer (JSSI), delegates (Colombia)

Lecture: Hiroaki Toyohara (Director, International Affairs Office, MLIT), Akira Wada (President of JSSI), Naoya Harada (SE, Artes Structural Design Office), Shigeru Hikone (SE, Hikone Structural Design Office), Akitsugu Muramatsu (SE, Taisei Corporation), Daiki Sato (Professor, Tokyo Institute of Technology), Yutaka Nakamura (Professor, Shimane University), Mineo Takayama (Professor, Fukuoka University)
Discussion and Closing remarks
Participants: 130

Feb, 17th~18th, 2022

Online workshop between El Salvador and Japan, by JSSI

Attendance: Engineers, researchers in El Salvador & INGENYARSE

Greeting: from the organizer (JSSI), MOPT & MARN

Lecture: Brenda Hazel Sandoval (MOPT), Hiroaki Toyohara (Director, International Affairs Office, MLIT), Akira Wada (President of JSSI), Taiki Saito (Professor, Toyohashi University of Technology), Takayuki Sone (SE, Takenaka Corporation), Daiki Sato (Professor, Tokyo Institute of Technology), Akitsugu Muramatsu (SE, Taisei Corporation), Dr. Rodrigo Gray (Direct., SES of El Salvador, Direct., INGENYARSE, S.A.DE.C.V.), Matsutaro Seki (SE, BRI), Shigeru Hikone (SE, Hikone Structural Design Office)

Discussion and Closing remarks

Participants: 76

Mar. 15th, 2021

Iran-Japan Online Workshop for Seismic Isolation and Vibration Control, JSSI Zoom

Greeting: Prof. Akira Wada, JSSI President, Mr. Hamed Manifar, Director General of NBRI, Mr. Teymour Bashirgonbadi, Director, MHUD

Lecture: Dr. Seyed A. Mousavi, TC of Guideline for SDBEDDSI, Akihiko Ishihara, Director, International Affairs Office, MLIT, Prof. Akira Wada, President of JSSI, Professor emeritus, TIT, Prof. Taiki Saito, Toyohashi UT, Daisuke Inoda, SE, Nikken Sekkei, As. Prof. Keiko Morita, Fukuoka Univ., Prof. Kazuhiko Kasai, TIT, Masato Ohata, SE, Takenaka Corp., Maesaka, SE, Artes Corp., Nobuyuki Ogino, SE, Kumagaigumi Corp.

Participants: 190

Feb. 24th, 2021

Egypt-Japan Online Workshop for Seismic Isolation and Vibration Control, JSSI Zoom

Greeting: Greetings by JSSI President, Prof. Akira Wada,

Lecture: Prof. Khalid Elzahaby, Chairman, HBRC, Prof. Mourad Bakhoun, Akihiko Ishihara, Director, International Affairs Office, MLIT, Prof. Akira Wada, President of JSSI, Professor emeritus, TIT, Prof. Taiki Saito, Toyohashi UT, Daisuke Inoda, SE, Nikken Sekkei, As. Prof. Keiko Morita, Fukuoka Univ., Prof. Kazuhiko Kasai, TIT, Masato Ohata, SE, Takenaka Corp., Maesaka, SE, Artes Corp.

Participants: 100

Feb. 19th, 2021

Past and future 100 years of the construction regulations in Mexico, -22nd national congress of structural engineering-, SMIE Zoom

Lecture: Akihiko Ishihara, Director, International Affairs Office, MLIT, Prof. Akira Wada, President of JSSI, Professor emeritus, TIT

Participants: 150

Feb. 11th, 2021

Uzbekistan-Japan Online Workshop for Seismic Isolation and Vibration Control, JSSI Zoom

Greeting: Minister of Construction, Japanese Ambassador, Uzbekistan Ambassador, President of JSSI

Lecture: Akihiko Ishihara, Director, International Affairs Office, MLIT, Prof. Akira Wada, President of JSSI, Professor emeritus, TIT, Prof. Taiki Saito, Toyohashi UT, As. Prof. Keiko Morita, Fukuoka Univ.

Keita Sakakibara, SE, Nikken Sekkei, Prof. Kazuhiko Kasai, TIT, Masato Ohata, SE, Takenaka Corp., Hisashi Maesaka, SE, Artes Corp.

Participants: 120

Feb. 8th, 2021

Kyrgyz-Japan Online Workshop for Seismic Isolation and Vibration Control, JSSI Zoom

Greeting: IAEEE, Gosstroy KR, GISSIP, KSUCTA

Lecture: Begaliev Ulugbek, President of IAEEE, Rector of Int. UIT, Prof. Akira Wada, President of JSSI, Professor emeritus, TIT, Akihiko Ishihara, Director, International Affairs Office, MLIT, Prof. Taiki Saito, Toyohashi UT, As. Prof. Keiko Morita, Fukuoka Univ., Keita Sakakibara, SE, Nikken Sekkei, Masato Ohata, SE, Takenaka Corp., Naoshi Maesaka, SE, Artes Corp.

Participants: 280

Feb. 10 to 12, 2020

The Disaster Prevention Workshop, 2020 in Azerbaijan

Attendance: 80 including officials from Ministry of Emergency Situations, Professors from National Academy of Sciences

Excelsior Hotel Conference Room, Baku, Azerbaijan

February 12, 2020

Technical exchange with engineers from Taiwan

Lectured by S. Hayashi, Chairman of the Maintenance Committee

12 engineers from Taipei Structural Engineers Association,

Chinese Steel Structure Association,

New Taipei City Structural Engineering Association,

Taichung Civil Engineers Association,

Taiwan Association of Civil Engineers.

February 7, 2020,

Tutorial Course for Iranian engineers from Iran Seismic Retrofit Mechanism of Tabriz City,

Leader, Samad Dehghan,

Lectured by Mr. A. Shintani and Mr. F. Endo

Attendance: 8

Site visiting:

Taisei Corporation,

Obayashi Research Institute,

THK, Tamachi, Bridgestone, Totsuka, Showa Cable

System, Sagamihara

Dec. 16 to 17, 2019

The Earthquake Resistant Workshop, 2019 in Peru

Attendance: 100 including officials from Ministry of Housing Construction, Water and Sewerage, Professors from Japan Peru Earthquake Disaster Prevention Center

Lima Convention Center, Lima, Peru

Dec. 12 to 13, 2019

The Earthquake Resistant Workshop, 2019 in Ecuador

Attendance: 80 including officials from Ministry of Urban Development and Housing, Professors from Army University

Pichincha College of Civil Engineers, Quito, Ecuador

Oct. 8 to 9, 2019

Seismic Isolation and Vibration Control for Buildings

Attendance: 80 including Professors from St. Thomas University

Auditorium of SY^2 & ASSOCIATES, INC., Manila, Philippines

Mar. 27 to Apr. 5, 2019 (at JSSI)

Tutorial Course for SI and VC

lectured by Prof. A. Wada, President, JSSI.

Attendance: 4 delegates from Engineers from Tabriz, Iran

Mar. 8 to 9, 2019

Workshop for SI & VC in Japan and China

lectured by Prof. A. Wada, Prof. F. L. Zhou, Prof. T. Saito, Prof. X. Lu, Prof. Z. Q.Chen

Attendance: 150

Guangzhou, P.R. China

Dec. 27, 2018

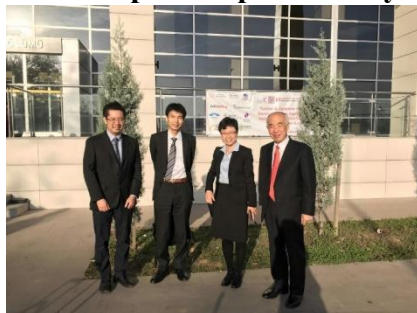

Symposium for Disaster Prevention in Japan and Turkey

lectured by Prof. A. Wada, President, JSSI.

Ankara, Turkey

Oct. 30 to 31, 2018

Workshop for Japan-Turkey Technical Exchange

Recent development in Application of SI & VC, Japanese and Turkish Experience

lectured by Prof. A. Wada, Prof. K. Morita and two Engineers of JSSI

Attendance: 100

Istanbul, Turkey

Oct. 22 to 24, 2018

Workshop for Japan-China Technical Exchange

Attendance: 400 including Professors from Beijing University of Architecture, Tsinghua University, Guangzhou University, Tongji University, China Building Standard Design & Research Institute, China Academy of Building Research
Century Huatian Hotel Conference Center, Beijing, P.R. China

Sept. 17 to 19, 2018

Workshop for technology of SI, VC & ER

Attendance: 40

Lahat Palace Hotel Conference Room, Almaty, Kazakhstan

August 23, 2018

Session for SI & VC, in The 10th Conference of Earthquake Engineering in China

lectured by Prof. M. Takayama, Fukuoka Univ., Prof. Ping Tan, Guangzhou Univ., and three Engineers of JSSI

Attendance: 120

Fuyue Hotel, Shanghai, P.R. China

July 17, 2018 (at JSSI)

Seminar, Seismic isolation technology

lectured by Mr. K. Sawada, Executive Director, JSSI.

Attendance: 12 delegates from Zhengtai Group, P.R. China

July 13, 2018 (at JSSI)

Workshop, recent seismic isolation & vibration control in two countries

Discussion for SI technology

Attendance: 9, 6 from Guangzhou university, 3 from JSSI

May 14, 2018 (at JSSI)

Training course of Seismic isolation for buildings

Attendance: 18, delegates from Korean engineers

March 7 to 13, 2018 (at JSSI)

Seminar, recent earthquake-resistant design methods with seismic isolation & vibration control for new buildings & retrofitting of existing buildings

Attendance: 9 from Indian professors and engineers

Dec. 4, 2017 (at JSSI)

Seminar, seismic isolation & vibration control for buildings in Japan

Attendance: 8 delegates from China Aviation Planning and Design Institute, P.R. China

Nov. 17, 2017 (at JSSI)

Training, recent earthquake-resistant design methods with SI & VC

lectured "Liquefaction of soil and countermeasures"
by Dr. H. Funahara, and three engineers

Attendance: 17 delegates from Ecuadorian officials and engineers

Oct.,30-Nov. 3, 2017

Workshop, recent earthquake-resistant

design methods with SI & VC for new buildings & retrofitting of existing buildings

at Global Academy of Technology, Bangalore

Attendance: 100

Prof. A. Wada talked to audience.

Opening ceremony at seminar room,
at Lalbhai Dalpatbhai College of Engineering
Ahmedabad, India

Attendance: 180

Aug. 25, 2017

Workshop, Advanced technology in seismic protection for Buildings

-Seismically isolated systems & vibration control systems-

Attendance: 150

East Hall, ITB, Bandung, Indonesia

Aug. 23, 2017 (at JSSI)

Training Course of Intensive training on SI design-Design for SI structures-

Attendance: 6, delegates from Bangladesh

Aug. 7, 2017

Workshop, Japanese advanced technology in seismic protection for buildings

Attendance: 100

Seminar room, University SAINS, Penang, Malaysia

July 24, 2017 (at JSSI)

Seminar, Seismic isolation in Chile

by Prof. Raul Alvarez Medel, Pontifical Catholic University of Chile ,

"Chile SI buildings" Prof. R. A. Medel lectured

Attendance: 12 from JSSI

June 12- 23, 2017 (at JSSI)

Training Course of Seismic isolation & vibration control, and retrofitting

Free discussion about SI, VC and ER etc.

Attendance: 17 from Shandong Provincial Engineers

Jan. 2017 (at JSSI)

Training Course of Seismic Isolation & Vibration Control

Attendance: 12 from Korean engineers.

Dec. 16, 2016 (at JSSI)

Training Course of Seismic Isolation & Vibration Control

Lecturer, Prof. K. Kitajima, Nihon University,
and three engineers

Attendance: 8 delegates from Korean engineers

Dec. 8, 2016 (at KSSIVC)

Keynote speech, Brand-new information for SI & VC in Japan

by K. Sawada, ED, JSSI

After general meeting of KSSIVC

Attendance: 37 of Members of Korea Society of Seismic
Isolation & Vibration Control

Nov. 7, 2016 (at JSSI)

Seminar, Seismic isolation for architects

by Prof. Andriana Guisasola, Faculty of Architecture, Urban planning & Design, University of Mendoza, Argentina

After seminar, Prof. A. Guisasola and President A. Wada talked each other.

Attendance: 15 from JIA & JSSI

Oct. 10-13, 2016

Seminar for seismic isolation, vibration control and earthquake resistant design

Opening ceremony at UTCB, Technical University of Civil Engineering Bucharest

Attendance: 100

Opening address by Prof. A. Wada

UTCB Hall, Bucharest, Romania

July 4-15, 2016 (at JSSI)

Training Course of Seismic isolation & vibration control, and retrofitting

lectured SI & VC structures by Prof. A. Wada, "Recent trend of Taiwan SI structures" explained by Dr. S.J. Wang

Attendance: 9 from Taiwanese engineers of CSSI, Chinese Society of Seismic Isolation & Energy Dissipation

March, 21-23, 2016

Seminar for seismic isolation, vibration control and earthquake resistant design

After seminar, with participants

Attendance: 80

Hilton Hotel Conference Center, Ankara, Turkey

Jan. 26- Feb. 5, 2016 (at JSSI)

Training Course for seismic isolation and vibration control technology

“SI structures” lectured BY Prof. A. Wada (President, JSSI).

Attendance: 5 from Turkish officials from M. of E. & U. and engineers

April, 1-5, 2013

Seminar for seismic isolation and vibration control technology

Ministry of Health invited JSSI delegates.

Prof. A. Wada, Prof. Takeuchi, Prof. M. Takayama, N. Kani, ED, JSSI

Hilton Hotel Conference Center, Ankara, Turkey
